HOMOGENOUS

Homogenous HumaPlus 8-2-14 Organic Based

Guaranteed Analysis:

Total Nitrogen (N):.....	8%
Available Phosphoric Acid (P2O5)	2%
Soluble Potash (K2O):	14%
Sulphur (S):	5%
Magnesium (Mg):.....	1.0%
Iron (Fe):	1.0%
Manganese (Mn)	1.0%
Organic Matter	35%
Humic Acids	8%
Polyhydroxyethyl alkoxy alkylene oxides	0.5%

Features:

Nitrogen:	Quick	4% Ammoniacal N, 20 % Urea-N
	Slow	40% Methylene Urea 36% Organic—N

Phosphorus:	Mono Ammonium Phosphate, Organic Sources
Potassium:	Potassium Sulphate, Organic Sources
Magnesium:	Magnesium Sulphate
Iron:	Iron Sulphate Forms
Manganese:	Manganese Sulphate Forms

Benefits:

HUMA PLUS is a premium quality organic based homogenous fertilizer designed for even application to turfgrass. This formulation is available in a mid sized prill for tees and fairways, plus a micro size for greens. HumaPlus is designed to enhance the micro-biological environment of high sand content greens / sportsfields. Particle size will provide even distribution, and rapid breakdown into the soil profile. Analysis has a 1:2 ratio of N:K along with methylene urea to provide long lasting nitrogen release. Formulation contains added Sulphur, Magnesium, Manganese and Iron to correct soil deficiencies and improve turf colour. HumaPlus contains 35% humus which promotes bacterial propagation which in turn improve soil structure, moisture retention and reduction of soil compaction. The addition of humic acids assists in nutrient uptake enabling turf to achieve maximum results from applied nutrients. A soil penetrant has been added to maximize water percolation into the soil profile.

Note: contains no sewage sludge, nor animal / poultry wastes and/or manures

Application Rates:

Apply every 2-4 weeks:

1/2 lb N—apply at 6.25 lbs / 1,000 sq.ft.

3/4 lb N— apply at 9.4 lbs / 1,000 sq. ft.

1.0 lb N— apply at 12.5 lbs / 1,000 sq. ft.
