

Rocket N 20-0-0

Slow and Quick Release Nitrogen
Combination

Guaranteed Analysis

Total Nitrogen.....20.00 %
12.00 % Urea
4.00% Ammoniacal
4.00% Triazone Nitrogen

Derived from: urea, triazone nitrogen
ammonium sulfate

Non Plant Food Ingredients

Hormones and vitamin B from natural plant
extracts.

Manufactured exclusively for Planet Turf
by Northwest Agricultural Products
Pasco, WA USA

Information regarding the contents and levels of
metals in this product is available on the internet

PRECAUTIONARY STATEMENTS

In all cases, it is recommended that a small scale
test for compatibility be conducted before mixing
a full batch.

GROWTH STIMULATION

“Requested by Superintendent Clients”

FORMULATED TO SUPPLY QUICK AND SLOW RELEASE NITROGEN

Tests show that nitrogen absorption through the leaf depends
on electrical charges. ROCKET-N is formulated to enter the
leaf surface and quickly supply nitrogen that is needed for
plant functions. With added slow release nitrogen for
extended feeding.

VITAMINS AND BIO STIMULANTS INCREASE NITROGEN UTILIZATION

Made from the finest high quality natural sources of vitamins
for improved performance and better cell growth.

EXCELLENT TANK MIX BASE

ROCKET-N has excellent solubility and mixes with **Micro Sea,
Vitalus**, and all **TRACK** products for outstanding turfgrass
response.

APPLICATION INFORMATION

Turfgrass: Apply 6-8 oz per 1000 square feet followed in 0.5
to 1.5 gallons of water per 1000 sq. ft. Allow to sit on leaf for
4 hours before rain or irrigation.

Suggested nozzle – Tee Jet Turbo Twin Jet at 40 psi for
maximum coverage.
